

FROM THE FOUNDERS DESK

"The best time to plant a tree was twenty years ago. The second best is now."
~Old Chinese Proverb

Dear Empyreanite,

There's something truly special about seeing people come together to make a positive impact on the environment, especially when they're so full of energy and enthusiasm. The images of residents planting saplings in the rain adds an extra layer of dedication and commitment. Additionally, we planted a small herbal garden as well as meetha neem in various places for the cooking enthusiasts among us.

Having a monthly kitty party organized by passionate ladies really brings a lively and vibrant atmosphere to Club Empyrean. It's great to see such community spirit and the joy that comes from these gatherings.

We have a festive and meaningful time ahead! The celebration of Independence Day by all residents and Saawan, especially by ladies, in August will offer numerous opportunities for our community to come together and create lasting memories.

Daffodil X-15, X-16, and X-17 are being well-maintained and earning praise from the residents of Vista, leading to good rental values too. Good maintenance not only enhances the appearance of the spaces but also contributes to overall community satisfaction, increasing both rental and resale values.

HELPFUL TIPS FOR EMPYREANITES TO HELP PREVENT LITTER

1. No littering! Take your food wrappings, drink containers, newspapers and other potential litter home with you and dispose of it in your own trash or recycling carts, or use one of the bins provided in the Township.
2. Do not throw trash out of your window and balcony! Keep a litterbag in your car and dispose of your trash properly once at your destination.
3. Keep your surroundings clean and free of things that can blow into the street and become litter. You are responsible for any litter around you.
4. When you visit a park, remember to take out what you bring in. Keep trash and recyclables in a bag or backpack until you can put them in a litter box.
5. Recycle! Recycle! Recycle! Talk to your family and friends about recycling to reduce the amount of litter you throw away.
6. At home, make sure garbage and recycling bags are tied securely so that loose papers and other items can't fall out and become litter.
7. Educate children and family members about the importance of disposing of trash properly.
8. Participate in community cleanup events probatively.
9. Properly dispose of household items.
10. We @ Empyrean Township would be implementing waste segregation soon and shall guide/educate our residents on this.
