

## FROM THE FOUNDERS DESK

"What you do makes a difference, and you have to decide what kind of difference you want to make."

~Jane Goodall

Dear Empyreanite,

May has been a month of vibrant celebrations and productive discussions within our community. The month was filled with meaningful events that brought us closer together and celebrated our shared values.

The residents hosted a beautiful Sundarkand Pooja, creating a profound spiritual experience that united us all in devotion. Ram Navami celebrations followed, filled with enthusiasm as we honored the birth of Lord Rama. Gudi Padwa marked the start of the new year for many, and the festivities were colorful and lively.

We also held a successful meeting to plan this year's events, setting the stage for a variety of exciting initiatives and gatherings. The meeting showcased our community's creativity and passion, promising a year filled with engaging activities.

However, I want to take a moment to address some concerns. Firstly, there have been reports of someone misleading individuals and persuading them to sign authorization documents without fully understanding the issue at hand. Please exercise caution and read all documents thoroughly before signing anything.

Additionally, there have been unfounded rumors circulating regarding the company's financial health. I want to assure you that these rumors are baseless. Our financial position remains strong, and we are committed to the long-term success and stability of the company.

As we anticipate the summer months, let's keep the momentum going and continue to build a supportive, connected community. I'm excited for what the rest of the year will bring and encourage you to stay engaged in the upcoming events.

Regards, **Siddharth Saraf**
